

My name is Mandisa Mthembu from Nkandla in KwaZulu Natal. I completed my BCom in General Accounting at Nelson Mandela University in Port Elizabeth in 2020.

I don't know where to begin to express my gratitude on how this bursary helped me. It really changed my life. 2020 started on the wrong foot for me. I was on the verge of giving up and had lost hope. Getting this bursary has been my greatest motivation, when I feel like I'm losing the will it becomes my cheerleader. It has given me a chance to fulfil my dreams. Most of all it reminded me that giving up is not an option.
