

I am Dimakatso Chao. Firstly I would like to say I am honoured to have been selected as a recipient of the 18twenty8 scholarship for the 2020 period. Thanks to the generous contribution, I completed my Advanced Diploma in Financial Management at Tshwane University of Technology. One day, I hope to see myself as a financial manager in the corporate world.

The bursary has opened a door of a brighter future and will play a massive role in shaping me to become a successful lady in future. Donors like you make life brighter for us. My gratitude is just a drop in an ocean. Your generous support will help me achieve my dreams.
