University Guidance Exhibition  
March 2011

Dear Exhibitor

Thank you for giving up your time to visit the Oprah Winfrey Leadership Academy for Girls to participate in our first University Guidance Exhibition.

We greatly appreciate the effort that you are putting in to helping learners make educated and informed career choices in this area, and believe that your input will empower many young people to recognise their skills and the importance of education in making the best possible decision for their futures.

With grateful thanks

Sue Norval
